

NIST 2020 Gas Chromatography Retention Index and GC Methods Library

NIST

June 2020

NIST Gas Chromatography Retention Index and GC Methods Library

This library contains 447,285 retention indices for 139,963 compounds, including 112,253 of which are in the NIST/EPA/NIH EI MS library (not included with this product). This is an increase of about 40,000 compounds.

The NIST 2020 GC Methods and Retention Index Library contains all RI data from the full edition of the NIST 2020 Mass Spectral Libraries:

NIST20RI NIST 2020 GC Methods and Retention Index Library, Single User

This item includes the library in NIST format. Please note that the library is also available in various other formats, e.g. MassLib, ChemStation, etc. Please contact us for a quote.
